Making Sense of Measurement

JUNE 2024

A NEW UPDATE OF ORIGIN APPS IS COMING

Frustrated by CMM programs that you can't translate quickly among Calypso, PC-DMIS, etc., so you can optimize how you use your CMM resources?

You can solve these problems with the newly released update of [Origin APPS translators](#) for CMM programs.

Customers on support get the update at no cost.

Not a customer, but have at least 100 CMM programs and more than one make of CMM? The incompatibility of those CMM programs costs you hundreds of thousands of dollars a year in lost production. Payback on Origin APPS is less than 12 months.

Enhancements in this release apply to these brands:

- Calypso 7.6 and higher
- PC-DMIS
- CMM -Manager
- QDAS DFQ
- Metrologic
